

INTERIM CONDENSED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30 JUNE 2021

Chairman's Report for the six months ended 30th June 2021

I am pleased to present Sohar International's results for the six months ended 30th June 2021. In response to the far-reaching economic consequences of the COVID-19 pandemic we have seen a path of swift action, innovative change, and resilient continuity across businesses and industries globally. The Sultanate of Oman has proactively stepped forward, adopting learning and implementation agendas, through investments and other commendable support initiatives. There are positive signs of improving economic activity due to an effective and aggressive vaccination campaign launched by the government as well as the rise in global oil prices.

FINANCIAL PERFORMANCE

Total assets as at 30 June 2021 increased by 12.5% to RO 4,031 million (30 June 2020: RO 3,584 million). Net loans and advances increased by 3.4% to RO 2,526 million (30 June 2020: RO 2,442 million) reflecting the bank's prudence in managing growth given current economic conditions. Customer deposits increased by 2.8% to RO 2,304 million (30 June 2020: RO 2,241 million), reflecting the bank's strengthening funding and liquidity position.

Net profit for the six months ended 30 June 2021 increased by 15.3% to RO 15.20 million compared to RO 13.18 million during the same period in 2020.

Operating income increased by 13.9% to RO 54.22 million, (30 June 2020: RO 47.62 million), driven by increases in other operating income streams including gain on sale of investment securities. Operating profit increased by 17.0% to RO 30.64 million compared to RO 26.18 million for the same period last year.

Operating expenses increased by 10% to RO 23.58 million (30 June 2020: RO 21.44 million). The bank continues to manage the expense base to support its strategic objectives as well as maintain a strong cost/income ratio, reporting 43.5% for the period compared to 45.0% for the same period last year.

Net impairment charges and other credit risk provisions for the period was RO 12.77 million compared to RO 10.70 million for the same period last year.

REAFFIRMING OUR LONG-TERM DIGITALISATION STRATEGY

While investing in technology, innovation and digitalisation have long remained one of Sohar International's top priorities, the COVID-19 pandemic has highlighted its importance even more. Being prepared for this radical shift has earned Sohar International the loyalty of its customers as it introduced its entirely new mobile banking App offering customers a premium, seamless, secure and convenient digital banking platform.

We have furthered our digital footprint to include e-Payment facilities and addedvalue services under an agreement signed with the Public Authority for Social Insurance (PASI), becoming the sole bank in the Sultanate integrating its payment gateway solution with PASI's website, enabling PASI's subscribers to pay their contributions online swiftly and securely.

STRONG CORPORATE GOVERNANCE

As Sohar International continues to strengthen its market position and investor confidence, despite a challenging operating environment, it maintains its enviable growth trajectory supported by a strong corporate governance platform, delivering on well-defined strategic imperatives such as financial robustness, customer centricity and digital first.

The pandemic has reinforced the importance and urgency of staying connected with our various stakeholders. Sohar International has responded rapidly through its digital platforms to communicate and engage with its customers, partners and wider community at large. As a part of its outreach to investors and shareholders, Sohar International conducted a virtual meeting hosted by Muscat Stock Exchange SAOC (MSX) to discuss the current operating environment, the bank's financial performance, and the strategic plan for the coming years. This meeting reflects the bank's strong corporate governance approach, adopting best international practices to enhance investor relations and establishing and retaining meaningful relations with its shareholders whether domiciled locally, regionally, or internationally.

CUSTOMER FIRST STRATEGY

Staying relevant and connected to our customer's ever-changing world is key to our purpose and hence the bank continues to be responsive to their requirements as well as proactive in providing what is required in the market. The introduction of "Transfer Your Salary, Transform Your Life" promotion is a result of such careful attention to customer and market needs. The campaign offers a host of benefits and rewards for those transferring their salary to the bank whilst providing attainable banking facilities to all market segments.

Safeguarding the financial interests of our customers has always been an article of faith at Sohar International and the global economic slowdown has given this heightened urgency. To provide such assurances, the bank, including Sohar Islamic, have introduced Escrow accounts protecting investors following the purchase of real estate developments within the country. Such measures will continue strengthening the Sultanate's burgeoning real estate sector.

SERVING OUR COMMUNITY

We pride ourselves on our dedication and sense of responsibility in serving the community in which we operate. This stems from Sohar International's deep rooted belief that fulfilling a larger purpose and being an agent of change is fundamental to staying relevant. Rising to the call of duty as a responsible financial institution, Sohar International ensured adequate and timely support to customers affected financially by the pandemic by committing personal loan relief of up to RO 1.5 million. In addition, the bank continues to donate to support the wider community both directly and through national initiatives.

Sohar International has been fostering and nurturing Omani talent since its inception. In another first, we have collaborated with the Ministry of Labour, committing to onboard 200 Omanis, for a 2-year Training and Development program, entailing extensive on-the-job experience.

Sohar International, cognizant of the need to raise awareness of COVID-19 and safety protocols, has undertaken programs encouraging people to adhere to safety measures and comply with directives issued by the Ministry of Health.

CARING FOR OUR EMPLOYEES

Sohar International supported the national priority of "vaccination for all" by completing the first phase of its COVID-19 employee vaccination program. The vaccination program was extended to spouses and first degree family members accomplishing an impressive 85% vaccination rate. This vaccination initiative reflects the bank's commitment to the well-being of its staff as well as its sense of responsibility to support the national health agenda.

RECOGNITION

In conclusion, I would like to thank and appreciate all our stakeholders in their support towards the Bank. I would especially like to thank the Bank's shareholders and valued customers for their continued confidence, as well as the management and employees for their sincerity and hard work to together achieve continued success.

For their invaluable contribution in supporting the banking sector in the Sultanate, I would also like to thank and appreciate the Central Bank of Oman (CBO) and the Capital Market Authority (CMA). It is their ongoing guidance and application of international standards to the highest level in banking and governance that has helped us achieve global confidence in the Sultanate's economic sector.

Finally, on behalf of the Board of Directors and our loyal employees, I extend my heartfelt thanks to His Majesty Sultan Haitham Bin Tariq Bin Taimur for his conscious and wise leadership, that will put Oman on a path of progress and development, and allow its people to enjoy prosperity, security, and progress.

Mohammed Mahfoudh Al Ardhi

Chairman

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

AS AT 30 JUNE 2021 (RO'000)

1. Legal status and principal activities

Sohar International Bank SAOG ("the Bank"), formerly Bank Sohar SAOG, was established in the Sultanate of Oman on 4 March 2007 as a public joint stock company and is primarily engaged in commercial, investment and Islamic banking through a network of thirty-one commercial banking branches and eight Islamic banking branches within the Sultanate of Oman. The Bank operates under commercial, investment and an Islamic banking licence issued by the Central Bank of Oman (CBO) and is covered by its deposit insurance scheme. The Bank started commercial operations from 9 April 2007. The registered address of the Bank is PO Box 44, Hai Al Mina, Postal Code 114, Muscat, Sultanate of Oman. The Bank has its primary listing on the Muscat Securities Market.

With effect from 30 April 2013, the Bank obtained a license to operate an Islamic Banking Window ("Sohar Islamic"). Sohar Islamic offers a full range of Islamic banking services and products. The principal activities of the window include accepting Shari'a compliant customer deposits, providing Shari'a compliant financing based on Murabaha, Mudaraba, Musharaka, Ijarah, Istisna'a, Salam and providing commercial banking services, investment and other activities permitted under Islamic Banking Regulatory Framework (IBRF).

The Bank employed 893 employees as of 30 June 2021 (31 December 2020: 873, 30 June 2020: 882).

2. Basis of preparation

These interim condensed financial statements are prepared in accordance with International Accounting Standard No.34 - "Interim Financial Reporting", relevant disclosure requirements of the Commercial Companies Law of Oman, Capital Market Authority and the applicable regulations of the CBO. Since these are interim condensed financial statements, they do not contain all information and disclosures for the full financial statements prepared in accordance with IFRS. Therefore, it should be read in conjunction with the Bank's annual financial statements as at 31 December 2020.

2.1 Statement of compliance

The accounting policies used in the preparation of the interim condensed financial statements are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2020 except for securities sold with a commitment to repurchase (repos) mentioned below.

Securities sold with a commitment to repurchase (repos) at a specified future date are recognised in the statement of financial position and are measured in accordance with accounting policies for trading securities or investment securities. The counterparty liability for amounts received under these agreements is included in 'due to banks and other money market borrowings'. The difference between the sale and repurchase price is treated as interest expense and accrued over the life of the repo agreement.

2.2 Basis of measurement

The financial statements have been prepared under the historical cost convention except for the following:

- derivative financial instruments are measured at fair value;
- financial instruments classified as at fair value through profit or loss (FVTPL) are measured at fair value;
- financial assets classified at fair value through other comprehensive income (FVOCI) are measured at fair value;

The statement of financial position is presented in descending order of liquidity as this presentation is more appropriate to the Bank's operations

2.3 Functional and presentation currency

These financial statements are presented in Rial Omani, which is the Bank's functional currency. All financial information presented in Rial Omani has been rounded to the nearest thousands, unless otherwise indicated.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

AS AT 30 JUNE 2021 (RO'000)

2. Basis of preparation (continued)

2.4 Use of estimates and judgements

In preparation of the Bank's financial statements, management is required to make certain estimates and assumptions that affect the reported amount of financial assets and liabilities and the resultant allowances for impairment and fair values. In particular, considerable judgment by management is required in the estimation of the amount and timing of future cash flows when determining the level of

allowances required for impaired loans and receivables as well as allowances for impairment provision for unquoted investment securities. Estimates and judgments are continually evaluated and are based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on a regular basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

3. Application of new and revised International Financial Reporting Standards (IFRS)

For the period ended 30 June 2021, the Bank has adopted all of the new and revised standards and interpretations issued by the International Accounting Standards Board (IASB) and the International Financial Reporting Interpretations Committee (IFRIC) of the IASB that are relevant to its operations and effective for periods beginning on 1 January 2021.

3.a Interest Rate Benchmark Reforms

IASB issued amendments to IFRS 9, IAS 39 and IFRS 7 in September 2019 through Interest Rate Benchmark Reforms. These amendments modify specific hedge accounting requirements to allow hedge accounting to continue for affected hedges during the period of uncertainty before the hedged items or hedging instruments affected by the current interest rate benchmarks are amended as a result of the on-going interest rate benchmark reforms. The amendments are relevant to the Bank, provided that the Bank hedges and applies hedge accounting to its benchmark interest rate exposure. The application of the amendments does not impact the Bank's accounting as currently the Bank is not exposed to any hedge accounting relationships.

The Bank had significant volumes of derivative and non-derivative financial instruments, mostly within its Banking Book, that are not included in hedge accounting relationships. Given hedge accounting is not applied, there is no accounting relief. The fair value of these financial assets and liabilities reflects the uncertainties arising from the interest rate benchmark reforms.

The Bank is closely monitoring the market and the output from the various industry working groups managing the transition to new benchmark interest rates. This includes announcements made by LIBOR regulators (including the Financial Conduct Authority (FCA) and the US Commodity Futures Trading Commission) regarding the transition away from LIBOR (including GBP LIBOR, USD LIBOR and JPY LIBOR) to Sterling Overnight Index Average Rate (SONIA), the Secured Overnight Financing Rate (SOFR), and the Tokyo Overnight Average Rate (TONA) respectively and announcements on the transition from EONIA to Euro Short Term Rate (ESTR). The FCA has made clear that, at the end of 2021, it will no longer seek to persuade, or compel, banks to submit to LIBOR. Furthermore, EONIA will cease to be published from 3 January 2022.

The Bank has established an IBOR transition management team comprising senior executives from Risk management, Finance, Treasury, Legal and IT. The transition programme is under the governance of the ALCO Committee, chaired by the Chief Executive Officer who reports to the Board. The Bank is planning for a smooth transition to alternative benchmark rates by the end of 2021. None of the Bank's current IBOR linked contracts include adequate and robust fall back provisions for a cessation of the referenced benchmark interest rate. Different working groups in the industry are working on fall back language for different instruments and different IBORs, which the Bank is monitoring closely and will look to implement as appropriate.

For the Bank's derivatives, the International Swaps and Derivatives Association's (ISDA) fall back clauses were made available at the end of 2019 and the Bank has commenced discussion with its correspondent banks with the aim to implement this language into its ISDA agreements for derivatives in both the banking and trading book, prior to 31 December 2021

For the Bank's floating rate debt, the Bank has commenced discussions with respective counterparties to amend the EONIA bank loan so that the reference benchmark interest rate will change to €STR given EONIA will cease to exist in January 2022. The Bank aims to finalise this amendment in the second half of 2021. For the USD LIBOR issued bond, the Bank will begin a dialogue with bondholders in 2021 to propose amendments to the fall back provisions to move from USD LIBOR to the SOFR.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

AS AT 30 JUNE 2021 (RO'000)

3. Application of new and revised International Financial Reporting Standards (IFRS)

3.a Interest Rate Benchmark Reforms (continued)

In respect of floating rate customer advances and deposits, the Bank's response is focused on treating customers fairly and considers several aspects of transition including the reduction of clients' exposures to legacy IBOR contracts by amending or replacing existing contracts to include robust fall back provisions or replace IBOR with relevant alternative benchmark interest rates. A critical aspect of this response is also the development of new products linked to relevant alternative benchmark interest rates. The Bank will develop a detailed communication plan with a focus on communicating with customers in a way that is clear, fair and not misleading.

Implementation of this plan commenced in 2021, and will include explanation of what will happen to contracts that mature beyond the end of 2021 and the effect of IBOR replacement on the customer. Communications will be undertaken in good time to ensure that all customers have time to consider the options available before the end of 2021. Initial communications will focus on raising awareness and engagement will increase with detailed discussions with all clients taking place before end of 2021. Our response also includes a rigorous training programme to ensure that relevant client-facing staff have adequate knowledge and competence to understand the implications of IBORs ending and can respond to customers appropriately.

The Bank will continue to apply the amendments to IFRS 9/IAS 39 until the uncertainty arising from the interest rate benchmark reforms with respect to the timing and the amount of the underlying cash flows that the Bank is exposed ends. The Bank has assumed that this uncertainty will not end until the Bank's contracts that reference IBORs are amended to specify the date the interest rate benchmark will be replaced and the cash flows of the alternative benchmark rate and the relevant spread adjustment. This will, in part, be dependent on the introduction of fall back clauses which have yet to be added to the Bank's contracts and the negotiation with lenders and bondholders.

4. Covid-19 and Expected Credit Loss (ECL)

ECL provisions and Management Overlays during the pandemic:

The Bank continues to assess borrowers for other indications of default, taking into consideration the underlying cause of any financial difficulty and whether it is likely to be temporary as a result of Covid-19 or of a longer term nature. The Bank continues to assess significant corporate exposures to adequately safeguard against any adverse movements due to Covid-19 in addition to industry specific account level adjustments for retail exposures with regards to specific industry sectors whose employees are expected to be most impacted.

The Bank has included within its loan impairment charges and other credit risk provisions (net) an element of management overlay in response to expected credit deterioration due to the economic impact of COVID-19 and lower oil prices. The impact of such an uncertain economic environment is judgmental and the Bank will continue to assess its ECL taking into account initiatives by the Central Bank of Oman as well as guidance issued by the International Accounting Standards Board (IASB).

Accounting for modification loss:

For both corporate and retail customers, the Bank has added the simple interest accrued during the deferral period (DP) to the principal outstanding and either extended the original maturity period of the loan or increased the instalments at the end of the DP. The Bank has determined that the modifications due to deferment of instalment and waiver of profit allowed in line with CBO relaxation measures do not result in de-recognition of financial assets. Further, the impact of day one modification loss was not considered material for the period.

Relaxation from the IFRS 9 Significant increase in Credit Risk (SICR) criteria:

CBO Circular BSD/CB&FLC/2021/002 dated March 18, 2021 suspended the stringent IFRS 9 Significant increase in Credit Risk (SICR) and two-track approach for loan loss provisioning for FY 2021. This relaxation mitigates the effects of stage downgrades of customer accounts most impacted by qualitative and specific quantitative factors relating to credit deterioration.

[•] As at 30 June 2021, unquoted equity investments include an investment of RO 2.50 million in the Oman Development Fund SAOC ("Fund"). The Fund was incorporated on 7 May 2014 under license no. 1196427 with the Bank being the founder shareholder. The purpose of the Fund is to identify mid-segment industrial and manufacturing sectors that leverage Oman's unique advantages such as its infrastructure, tax treaties, geography and natural mineral resources for potential investment opportunities. The Bank currently holds a 12.66% stake in the Fund (31 December 2020: 12.66%, 30 June 2020: 12.66%). The Bank has an Investment Management Agreement with the Fund.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

AS AT 30 JUNE 2021 (RO'000)

13. Share capital and Share premium

The authorised share capital of the Bank is 4,000,000,000 shares (31 December 2020: 4,000,000,000). The issued shares of the Bank are 2,434,506,735 shares (31 December 2020: 2,434,506,735 shares, 30 June 2020: 2,434,506,735 shares). The paid up share capital of the Bank is RO 245.355 million (31 December 2020: RO 245.355 million, 30 June 2020: RO 245.355 million).

As of 30 June 2021, the following shareholders held 10% or more of the Bank's capital, either individually or together with related parties:

| | Number of shares | % Holding |
|------------------------------------|------------------|-----------|
| Oman Investment & Finance Co. SAOG | 375,512,865 | 15.42 |
| The Royal Court of Affairs | 354,684,105 | 14.57 |

The Board of Directors disclosed on July 8th 2021 to issue Rights of OMR 50 million in response to the increased international and regional focus on enhanced regulatory capital requirements as a result of the Basel III regime and to further strengthen the quality of the capital base of the Bank to be in line with global best practice. The issuance will be subject to obtaining final regulatory approvals from the Central Bank of Oman and the Capital Market Authority.

14. Perpetual Tier 1 Capital Securities

The Bank issued its first Perpetual Tier 1 Capital Securities amounting to RO 100 million on 25 September 2017. These securities bear interest on their nominal amount from the issue date to the first call date at a fixed annual rate of 7.75% with interest rate reset at five year intervals. Interest will be payable semi-annually in arrears and treated as a deduction from equity.

On 14 March 2019, the Bank issued its second Perpetual Tier 1 Capital Securities amounting to RO 100 million. These securities bear interest on their nominal amount from the issue date to the first call date at a fixed annual rate of 7.50% with interest rate reset at five year intervals. Interest will be payable semi-annually in arrears and treated as a deduction from equity.

Both the securities constitute direct, unconditional, subordinated and unsecured obligations of the Bank and are classified as equity in accordance with IAS 32: Financial Instruments – Classification. They do not have a fixed or final maturity date. The Bank may at its discretion and after prior consent from the relevant regulatory authority, exercise its option to redeem the securities in full (not in part) on the first Call Date, i.e. the 5th anniversary of the Issue Date, and on every fifth anniversary thereafter, again subject to the prior consent of the regulatory authorities. The Bank at its sole discretion may elect not to distribute interest. This is not considered as an event of default. If the Bank does not pay interest, on a scheduled interest payment date (for whatever reason), it cannot make any other distribution or payment on or with respect to its ordinary shares or any of its other Common Equity Tier 1 instruments or securities, ranking junior to or pari-passu with the Perpetual Tier 1 Capital Securities unless and until it has paid one interest payment in full on the securities. The terms of the Perpetual Tier 1 Capital Securities issuance allow the Bank to write-down (in whole or in part) any amounts due to the holders of the securities under certain circumstances.

RO 7.563 million was paid as coupon during the period ended 30 June 2021 (31 December 2020: 15.250 million, 30 June 2020: 7.604 million) and is recognised in the statement of changes in equity.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

AS AT 30 JUNE 2021 (RO'000)

15. Contingent liabilities and commitments

15.1 Contingent liabilities

Standby letters of credit and guarantees commit the Bank to make payments on behalf of customers, contingent upon the failure of the customer to perform under the terms of a specified contract.

| | 30 June | 31 December | 30 June |
|-------------------------------|----------------|-------------|-------------|
| | 2021 | 2020 | 2020 |

| | <u>278,857</u> | 421,048 | 441,417 |

15.2 Commitments

Credit related commitments include commitments to extend credit, standby letters of credit and guarantees that are designed to meet the requirements of the Bank's customers. Commitments to extend credit represent contractual commitments to make loans and revolving credits. Commitments generally have fixed expiry dates or other termination clauses and require the payment of a fee. Since commitments may expire without being drawn upon, the total contracted amounts do not necessarily represent future cash obligations.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS AS AT 30 JUNE 2021 (RO'000)

23. Financial Instruments (continued)

In accordance with CBO requirements, where the aggregate provision on portfolio & specific basis computed as per CBO norms is higher than the impairment allowance computed under IFRS9, the difference, net of impact of taxation, will be transferred to an impairment reserve as an appropriation from the retained earnings. The Bank generally transfers this amount annually at year end.

| 30 June 2021 (Unaudited) | СВО | IFRS 9 | Difference |
|--|---------|---------|------------|
| Impairment loss charged to statement of comprehensive income | 12,219 | 12,768 | 549 |
| Provisions | 156,360 | 150,726 | (5,634) |
| Gross NPL ratio (percentage)* | 6.28 | 6.28 | - |
| Net NPL ratio (percentage)* | 1.84 | 2.71 | 0.87 |

^{*}NPL ratios are calculated on the basis of funded non-performing loans and advances.

The reconciliation of expected credit loss allowance for all financial assets is as below:

| | СВО | IFRS |
|---|---------|---------|
| Gross loans advances and financing | 128,460 | 118,342 |
| Due from Banks | 19 | 24 |
| Investment securities(amortised cost) | - | 1,876 |
| Investment securities (FVOCI) | - | 890 |
| Loan commitments and financial guarantees | | 1,713 |
| Total ECL | 128,479 | 122,845 |
| Contractual interest not recognised | 27,881 | 27,881 |
| Total ECL and Contractual interest not recognised | 156,360 | 150,726 |

The analysis of changes in the ECL allowance on due from banks and other money market placements, loans, advances and financing (excluding contractual interest not recognised), investments and loan commitments and financial guarantees is as follows:

| ECL | Stage 1 | Stage 2 | Stage 3 | Total |
|--|---------|---------|---------|---------|
| At 1 January | 7,136 | 42,808 | 60,008 | 109,952 |
| Expected credit losses recognised | 2,213 | 5,253 | 14,145 | 21,611 |
| Recoveries from expected credit losses | (1,139) | (4,487) | (3,217) | (8,843) |
| Loans written off | (33) | - | - | (33) |
| Loans brought back from memorandum portfolio | - | - | 156 | 156 |
| Transfers to Stage 1 | 742 | (607) | (135) | - |
| Transfers to Stage 2 | (440) | 875 | (433) | - |
| Transfers to Stage 3 | (12) | (1,158) | 1,170 | - |
| At 30 June | 8,467 | 42,684 | 71,694 | 122,845 |

23. **Financial Instruments (continued)**

Restructured loans

Loans with renegotiated terms are defined as loans that have been restructured due to deterioration in the borrower's financial position, for which the Bank has made concessions by agreeing to terms and conditions that are more favourable for the borrower than the Bank had provided initially and that it would not otherwise consider. A loan continues to be presented as part of loans with renegotiated terms until maturity, early repayment or write-off. For restructured loans there is no reserve interest under IFRS9 and CBO classification.

| Loans, advances and financing at the end of the period | 7,361 | 6,495 | 8,839 |
| Loans disbursed during the period | 6,882 | 6,041 | 8,385 |
| Loans repaid during the period | - | - | - |
| Deposits at the end of the period | 147 | 144 | 2,027 |
| Deposits received during the period | 82 | 143 | 25 |
| Deposits matured/paid during the period | (77) | - | - |
| Interest income during the period | 214 | 499 | 242 |
| Interest expense during the period | - | 71 | 40 |

As at 30 June 2021, no loans to related parties are classified under stage 3 (31 December 2020: nil, 30 June 2020; nil)

25. Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the accessible principal market for the asset or liability; or
- ii) In the absence of a principal market, in the most advantageous accessible market for the asset or liability.

The Bank uses the following hierarchy for determining and disclosing the fair value of financial instruments:

- Level 1: quoted prices in active markets for the same instrument without modification or repacking;
- Level 2: quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data; and
- Level 3: valuation techniques for which any significant input is not based on observable market data.

The Bank considers that the fair value of financial instruments was not significantly different to their carrying value (including accrued interest) at each of those dates. The table below sets out the classification and fair value of each class of financial assets and liabilities including accrued interest.

26. Derivatives

The table below sets out the positive and negative fair values of derivative financial instruments, together with their notional amounts, analysed by term to maturity. The notional amounts, which provide an indication of the volumes of the transactions outstanding at the end of the period, do not necessarily reflect the amounts of future cash flows involved. These notional amounts, therefore, are neither indicative of the Bank's exposure to credit risk, which is generally limited to the positive fair value of the derivatives, nor to market risk.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS AS AT 30 JUNE 2021 (RO'000)

27. Exposure to liquidity risk

The Bank also monitors the liquidity through Liquidity Coverage ratio (LCR), Net Stable Funding Ratio (NSFR) and Leverage Ratio. Current levels of these ratios are given below:

| | 30 June 2021 | 31 December 2020 | 30 June 2020 |
|-------------------------------|--------------|-------------------------|--------------|
| LCR | 117.3% | 134.02% | 163.5% |
| LCR (average for the quarter) | 124.0% | 146.11% | 134.8% |
| NSFR | 120.53% | 113.18% | 115.9% |
| Leverage ratio | 12.6% | 14.3% | 14.0% |

The Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR) is calculated in accordance with Basel III framework and guidelines adopted by CBO vide circular BM 1127 and BM 1147. The complete disclosures required under these circulars are available on the Investor Relations page of the Bank's website.

The table below summarises the maturity profile of the Bank's liabilities as on the reporting date based on contractual repayment arrangements. The contractual maturities of liabilities have been determined on the basis of the remaining period at the statement of financial position date to the contractual maturity date and do not take account of the effective maturities as indicated by the Bank's deposit retention history and the availability of liquid funds.

In order to smoothen the higher volatility in ECL computation and its impact on regulatory capital of the banks due to Covid19, CBO has issued a new interim requirement to apply a "prudential filter" on IFRS 9 ECL provisions for calculating the regulatory capital. The impact of this prudential filter on the Bank's regulatory capital is 4 bps.

The capital adequacy ratio is calculated in accordance with Basel II & Basel III requirements as adopted by CBO. Disclosures required under Basel III and circular BM-1114 dated 17 November 2013 issued by CBO are available on the Investor Relations page of the Bank's website.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS AS AT 30 JUNE 2021

(RO'000)

29. Segmental information

Segmental information is presented for the Bank's operating segments. For management purposes the Bank is organised into the following operating segments:

Retail banking:

• Including loans to and deposits from retail customers, credit card and fund transfer facilities.

Wholesale banking:

- Corporates including loans to and deposits from large and mid-sector corporates, small & medium enterprises and trade finance customers
- Government and project finance syndication including loans to and deposits from government and financial institutions, project finance and syndicated loans.
- Investments including proprietary investments, correspondent and investment banking.
- Treasury including money market instruments, derivatives and foreign exchange products

Islamic banking

 Including Islamic financing activities, current accounts, unrestricted investment accounts and other products and services to corporate and individual customers under Shari'a principles.

Head office

 includes balance sheet, income and expense related items that are not directly related to the Bank's operating segments

The CEO monitors the operating results of business units separately for the purpose of making decisions about resource allocation and performance assessment.

Transfer pricing between operating segments is on an arm's length basis in a manner similar to transactions with third parties.

No revenue from transactions with a single external counterparty or customer amounted to 10% or more of the Bank's total revenue in 2021 or 2020.
